

The enernovum group of companies, headquartered in Cologne, Germany, has been successfully active in the field of renewable energies for more than 10 years. In addition to operating its own solar parks in Italy, the company's activities focus on the development and implementation of large-scale PV projects, mainly in Italy.

Our team at the headquarters in Cologne plans and realizes the construction of solar parks in close cooperation with our local colleagues, thus making valuable contributions to the success of the energy transition and the limitation of climate change.

For our Finance team we are looking for a (Junior) Finance Manager (m/f/d) at the location in Cologne (Hybrid) to support the commercial management of the project development in Italy as soon as possible.

(Junior) Finance Manager (m/f/d)

Table 2301

Your tasks:

- Commercial support of our project companies
